External thesis to be written at

External supervisors and examiners are only to be chosen after application in advance and corresponding approval in individual cases by the chair of the examination board.

The **colloquium** usually takes place as a scientific seminar, at the latest 6 weeks after submission of the thesis. The minutes of the colloquium, signed by the examiners and assessors, must be submitted to the academic office. The overall grade of the final thesis is only entered in STiNE when the evaluations of the thesis and the colloquium have been submitted to the academic office
